Dr. BHAGWANDAS WILL BE RETURNED UNOPPOSED

Attempts To Ensure Malaviya's Election Fail

ALLAHABAD, Oct. 11.

Mr. C. Y Chintamani has withdrawn his nomination both from the Seven Cities and Allahabad-Jhansi constituency.

Dr. Bhagwandas will thus be returned unopposed to the Assembly. Dr. Bhagwandas is a Congress candidate.

It may be recalled that recently, there was a great controversy regarding Pandit Malaviya's support to Mr. Chintamani.

Mr. Shriprakasa, Congress candidate will contest Mr. Bagla, an Independent candidate, in the Allahabad-Jhansi Constituency.

Attempts were made for a compromise to ensure unopposed the return of Mr. Chintamani, but were unsuccessful.—United Press.

MALAVIYA'S NOMINATION HELD INVALID

Nomination Not Correct On Rolls"

ALLAHABAD, Oct. 11.

Mr. Bishop, the District Magistrate of Allahabad, passed orders to-day on the nomination of Pandit Madan Mohan Malaviya holding that "the nomination is invalid as his name is not correct on the rolls."

The nomination of Maulana Shaukat Ali was held valid, the objection of Dr. Shafat Ahmad Khan being overruled.—A P.

COLLECTOR EXPLAINS

Why Malaviya's Nomination Paper Was Rejected

(From Our Correspondent.)

ALLAHABAD, Oct. 11.

In rejecting the nomination paper of Pt. Malaviya, Mr. B. W. Bishop Collector, returning officer in the course of his order says: There is serious objection against this nomination paper in that the candidate has given the electoral roll of the constituency in which he will be registered as elector rule 6 (1) lays down that the candidate must either have his name on the electoral roll of that particular constituency or if any constituency in U. P. prescribed for elections to the Provincial Council from the cities of the U. P. Constituency not prescribed for the Legislative Council, nor is it any particular constituency with which we are concerned. Further, no reference is made whether the candidate is on the electoral roll of any U. P. constituency nor any certified copy of such a roll has been filed.

The nomination paper has been rejected after hearing the arguments on behalf of the Pandit.

SHAUKATALI'S NOMINATION

The objection against Maulana Shaukatali made by Dr. Shafaat Ahmadkhan was rejected. The returning officer held him to be British subject. Maulana Shaukatali had filed a long affidavit in which he mentioned his father, grandfather and mother all as British subjects. He himself was so still drawing pension from the Government for 17 years Government service in the Government Department. He said the fact that his brother was nominated to the Round Table Conference as a British Indian representative proved him to be a British subject.

Eight in this constituency is expected to be keen.

MOVE TO GET MALAVIYA ELECTED UNOPPOSED

LUCKNOW, Oct. 11.

Mr. Mohanlal Saxena, Secretary, U.P. Congress Parliamentary Committee, states that on information being received that Pandia Malaviya's nomination paper has been rejected from Allahabad-Jhansi constituency, he instructed Mr. Sriprakash, Congress candidate to withdraw his candidature provided the other two candidates Mr. C. Y. Chintamani and Mr. Rameshwar Prasad Bagla also withdrew, thus giving Pandit Malaviya a chance to get elected to the Assembly unopposed.

EUROPEAN NOMINATIONS

As a result of the scrutiny, the nomination papers of Mr. Ramsay Scott, the sitting M.L.A., and Mr. T. Cavin Jones, M.L.C., both of Cawnpore who were the only candidates for the European constituency from this province have been rejected. No candidate thus being left from this constituency, it is presumed that the Local Government will fix fresh dates for nomination and scrutiny. In this case the nomination papers of these candidates were declared invalid due to some technical flaws therein.—A.P.

BHAGLA REFUSES TO WITHDRAW

ALLAHABAD, Oct. 11.

For the Allahabad-Jhansi division, the contesting candidates are Rameshwar Prasad Bhagla and Sri Prakash of Benares.

An effort was made by the Congress Parliamentary Board and the Nationalist Party to persuade all candidates from this, as well as the Seven Cities constituency, to withdraw before 3 p.m. to-day, so that there may be fresh nominations.

It was proposed that Pandit Madan Mohan Malaviya should be returned unopposed from Seven Cities and Dr. Bhagwan Das from the Allahabad-Jhansi divi-

"BETTER THAN EVER"

(SPECIAL CABLE.)

LONDON, Oct. 11.

"Better than ever" remains the annual boast of the Motor Show which was opened at the Olympia by the Duke of Kent, who mentioned that the motor industry was employing 100,000 more men than last year. Manufacturers, profiting by the reduction in the horse-power tax are producing large engines and over 60 per cent. of the exhibits exceed 16 horse power. Streamline effects, sometimes startlingly so, are the main innovation, while the principal mechanical progress is registered by the extensive vogue of independently sprung wheels, semi-automatic gear-boxes, and draughtless ventilation.

SILVER SHOOTS UP

Indian Speculators On The Market

(SPECIAL CABLE).

LONDON, Oct. 11.

To-day's jump in silver is mainly attributed to the shortage of supplies of the metal in the London market, coupled with the heavy speculative orders instructing brokers to buy at best, the Chinese and Indian speculators being especially prominent.

A leading broker, interviewed, stated that there was no news to cause this rush of specuulative buying and to presume that speculators bought in order to forestall official American purchases.

All circles are united in pointing out that the market is most uncertain, some even describing it as dangerous.

China sold at a rise, but there were no signs of official American buying to-day.

NO RESHUFFLING OF PORTFOLIOS

Guidance Of Sir Frank Noyce Considered Necessary

(From Our Special Correspondent)

SIMLA, Oct. 11.

It now appears that there will be no reshuffling of portfolios in the Government of India in May next year, so that Sir Frank Noyce will continue to be Member for Industries and Labour while Choudhri Zafarullah Khan will take over charge of Commerce and Railways.

The programme that has been launched on by Sir Frank Noyce in the Industries and Labour Department including the development of civil aviation at a cost of one crore of rupees and broadcasting at several stations in India, besides labour legislation is itself so heavy that the guidance of Sir Frank Noyce is considered necessary in regard to these subjects.

There will be therefore no swopping of horses in midstream in the Industries and Labour Department. Thus Choudhri Zafarullah will be the first Indian non-official permanent member for Railways and Commerce

'ACCOMPLICES ARRESTED

Alleged To Have Disclosed Details Of Plot

(SPECIAL CABLE).

PARIS, Oct. 11.

Two men, Banech and Novak, suspected accomplices of the regicide Kaleman, were arrested at a hotel in Thonon.

One is reported to have revealed that if the attack on King Alexander at Marseilles had failed, another attempt would have been made in Paris.

The men apparently intended catching the boat across the Lake of Geneva on the Swiss side. The suspects were previously sought by the Fontainebleau gendarmerie who discovered one on the railway platform with a ticket for Evian near Thonon and a passport in the name of Sylvestre Chalny.

While the police were examining the papers, the man gave them a slip and escaped in darkness.

Chalny was the name given by one of the three foreigners who stayed at Aix-en-Provence early in the week and later recognised as being a companion of Kaleman

Another report says the police called at Fontainebleau villa to interrogate the man, and latter fired the revolver as he fled into the forest.

FISHING PARTY SWEPT OFF BY STRONG WAVE

Tragic Sequel To Expedition Near Mahim Beach

Three drowning fatalities were reported on Thursday as a sequel to a fishing expedition on Wednesday near the Mahim Beach.

It appears a party of five persons went a-fishing and while they were standing in the water. they were swept off by a strong wave.

Only one body has been recovered hitherto.

The Coroner's Jury returned a verdict of accidental death by drowning, on Thursday.

ABORTION CHARGE DISMISSED

Dr. Belau. Principal Witness Alleged To Be Absconding

Mr. Oscar H. Brown Presidency Magistrate, Third Court ordered the acquittal of H. Dargevitch and Sister Harrison, a nurse, who were charged with performing an illegal operation and alternate with abetment.

The Magistrate after setting out the facts of the case held that there was no evidence to commit the accused for trial by a Jury.

He also observed that the evidence for the prosecuton was such that no jury would convict the accused.

In this case Mrs. Maisie Dargevitch charged her husband Henry Dargevitch and Sister Harrison, with causing an abortion on her without her consent.

Dr. Belau, a principal witness for the prosecution, failed to appear at the last hearing of the case and the prosecution was given an adjournment till Thursday.

Doctor Cannot Be Traced.

Mr. Kanga for the prosecution stated that he could not trace Dr. Belau and therefore asked for permission to close the prosecution case.

Mr. Kanuga for the defence said that his information was that Dr. Belau was absconding and a non-bailable warrant had been issued for his arrest by the Chief Presidency Magistrate. in another case.

Arguing the case for the defence Mr. Kanuga maintained that this prosecution was launched by the wife of the first accused at the instance of Dr. Belau

No Truth In Allegations.

Counsel said that he had proved beyond reasonable doubt that Dr. Belau was at the bottom of the whole prosecution. He also pointed out the lapse of time after which the complaint was filed and urged that there was no truth in any of the allegations made by the complainant.

When Mr. Desai, counsel for the 2nd accused, Sister Harrison, rose to address the Court, the Magistrate observed that there was no need to argue the case.

C. I. D. HUNT FOR BURGLARS

The Bombay C.I.D. are on the hot track of the culprits who broke open the shop of a Marwari, situated at DeLisle Road, on Wednesday night and removed cash and valuable to the extent of Rs. 2000.

It appears the entrance was effected by removing the iron bars over the door of the shop. Inspector Dyer of the C.I.D. went to the scene of the occurrence to make inquiries, and it is hoped members of some old gang will be arrested shortly.

SENTENCE CONFIRMED

Life Transportation For Murder

The sentence of transportation for life passed by the Sessions Judge of Belgaum on two peasants, Fakirappa Shivappa and Kenchappa Kannappa on the charge of murder was confirmed by Mr. Justice Murphy and Mr. Justice Sen at the High Court.

The charge was in respect of the murder of Channappa Krishnappa, a villager, at Gorguddi in Belgaum District in February last. Both the accused, had appealed against the sentence. The High Court, when admitting the appeal some time ago, had issued a notice against both the accused to show cause why their sentence should not be enhanced to that of death.

Confession Retracted

The appellants had made confessions which they later retracted before the committing Magistrate.

Mr. D. R. Manerikar appeared for the appellants. Mr. P. B. Shingne, Government Pleader, appeared for the Crown.

Supported By Evidence

After hearing counsel, their lordships delivered judgment confirming the sentence. Their lordships observed that the confession was supported by corroborative evidence and therefore, the Sessions Judge was right in holding that it was voluntary.

As regards the question of enhancement of sentence, their lordships took into consideration the fact that both the accused were only 20 years old, and in view of this they did not think it necessary to award the extreme penalty of the law.

1. This meeting of the A. I. K. FOR BENEFIT OF S. INDIAN SCHOOL

"Subhadra-Arjun" Attracts Packed House At Karachi

KARACHI, (By Mail).

The South Indian Association, Karachi, put on boards "Subhadra Arjun" before a packed house of a cosmopolitan gathering. The play from start to finish kept up unbroken interest, high level of acting and singing obtaining throughout. The non-Madrasee section of the audience(despite language difficulty, greatly impressed with the amateurish talent stayed out till late hours.

The play was in aid of the recently started South Indian School which has been supplying long-felt want for the education of South Indian children in their vernacular on modern lines.

The appeal for public support to the institution has met with a most generous response as much as over Rs. 1,500 having been collected. This amount, though large, still falls short of the sum required to carry out effectively all the beneficent and useful activities which are contemplated.

It is hoped that the appeal to the general public made by Mr. Punniah, President of the Association, at the Katrak Hall to support the work of Mr. Iyengar of the Associated Press in this direction will receive generous and warm-hearted response.—A. P.

A Hindi Pracharni Sabha has been formed in Lyallpur with L. Bhagat Ram Chanana as the President and Vashisht, as Secretary.

WALCHAND'S MANIFESTO

Explains Why He Does Not Stand On Congress Ticket

Mr. Walchand Hirachand who stands for the Assembly from Bombay Central Division, in the course of his election manifesto says:—

"Until India gets Swaraj, Dominion Status or even a further advance in real reforms, her Industrial and Financial interests require to be particularly watched in the Assembly; this must be done by one who is himself actively engaged in personally handling Industries, who has strong Nationalist views as known to the public and who does not generally differ from the Congress. These Industrial and Financial interests of the country are so important, vast and varied that it will be unfair to expect only one representative from the Indian Merchants' Chamber who represents this Presidency which is industrially and financially the most advanced in India, to do justice to the whole range of such questions as they will arise during the next three years of transition for the country.

WILL BE GUIDED BY CONGRESS

Why then, it may be asked, should such a representative specialising in these questions not stand as a Congress candidate from the Central Division, and thus add to the strength and unity of the Congress. So far, the Congress has primarily been a political organisation and as such, has mainly dealt with political questions. There has been no occasion for it till now to announce any detailed programme with regard to Commercial or Industrial problems. Though on political questions therefore, I would generally allow myself to be guided by the Congress except on the question of the Communal Award, I deem it necessary to remain free to deal with Commercial and Industrial matters from the point of view of the Nationalist Commercial and Industrial interests. As regards the Communal Award, I have decided to oppose it. In matters of religion, I do not like to coerce people by legislative measures so as to wound their religious feelings. There is therefore full justification for my standing as an Independent Candidate, in these circumstances, on behalf of Maharashtra.

RECORD AS INDUSTRIALIST.

Being closely associated with agriculture on an extensive scale in two important Districts of Nasik and Poona, I can claim to know and understand the grievances of the agriculturists; particularly those of the Irrigators. Having started and being at the head of the Maharashtra Chamber of Commerce, I have come in contact with almost all important commercial and industrial men and matters of Maharashtra. Close connection from the very inception with the Federation of Indian Chambers of Commerce and Industry as also with the Indian National Committee of the International Chambers of Commerce with its headquarters at Paris have given me exceptional opportunities to study and understand various problems coming before such important and influential organisations. This has been further helped by my attendance at Geneva at the International Labour Conference as leader of the Indian Delegation of Industrial Employers and at Vienna while leading the Indian Delegation at the Congress of the International Chamber of Commerce last year. My initiation of what might now be called the Indian Shipping Industry and my close and continued association with it during all these years as also with the Indian Sugar Industry have given me exceptional opportunities to handle National Industries.

I consider that all the experience and opportunities mentioned above will of a unique value to me in benig useful to the cause of the country, as far as questions relating to Commerce, Industry and Finance are concerned."

SARASWAT DEEN VATSAL SANGH

Institution For Relief Of Distress Among Poor Celebrates Silver Jubilee

The Saraswat Deen Vatsal Sangh of Bombay, an institution for giving help to infirm or helpless members of the Gowd Saraswat Brahman community, celebrated its silver jubilee on Sunday last at Blavatsky Lodge, about 800 members and guests, including about 100 ladies, being present. Mr. G. S. Rajadhyaksha, I.C.S., presided.

Mr. Sabnis, President of the Sangha, read congratulatory messages received from sister institutions. Mr. N. T. Desai, honorary secretary of the Sangh, then read a short report in which he stated that when the Sangh was started 25 years ago was able to give away in help only Rs. 75 in the first year of its existence. In the last 25 years it has spent over Rs 55,000 for the helpless and distressed in the community and was now helping more than a hundred such persons every month.

Messrs. B. V. Nerurkar, S. P. Varde, S. N. Rege and G. V. Lad spoke about the importance of the charity of the Sangh to the community. Dr. Malinibai Sukhtankar praised the help rendered by the Sangh to the indigent women of the Community.

Mrs. Laxmibai Nadkarni stressed the necessity of increasing intercourse between the members of the community so that they may have first-hand knowledge of the distress of the poor and helpless persons in the community.

Mr. S. L. Kapadi answered certain objections that were occasionally raised about the necessity of such an institution as the Sangh had made a fervent appeal to all, especially, the lady members of the community to devote greater attention to the cause of the Sangh.

DUTY TO RELIEVE DISTRESS

The president said that the general poverty of the people with teh gradual dissolution of the joint family system, added to the general depression all round and the growing unemployment were causing acute distress in the community. The object of the Sangh was to relieve the chronic distress of the members of the community which was one of the duties of the community so long as the entity of such a community existed. It was only an instance of 'Self-Help" on wider scale. He therefore appealed to all the members of the community to come forward to help the Sangh in the best way they could.

Mr. S. P. Varde then read a list of donations of about 8,000 and announced that the promises of life subscriptions and donations together with the legacy of Rs. 14,000 left by the late Mr. V. J. Shirolkar would raise the reserve fund to a lakh of rupees.

After a vote of thanks to the president and the singing of the National Anthem and partaking of refreshments the function terminated.

MAGISTRATE OVERRULES PROSECUTION OBJECTION

Counsel Should Differentiate Between Statement And Evidence, Says His Worship In Petits Case

Discussion for more than an hour mainly centred on the fact whether certain statements and documents could go in as evidence at the resumed hearing of the "Bank of India vs Petits'" case on Thursday evening before Mr. I. S. Haji, Magistrate, Mazagaon, when Mr. H. C. Colah was sworn in to give evidence in the case.

One of the questions at issue was whether a document in 'Gujrati' purporting to contain certain assignments of articles of jewellery and valuable ornaments made by Mrs. Gulbai Petit, the first accused in the case, to her daughter Mrs. Dinbai, the second accused, and attested by witness at the time, could go in as evidence.

Counsel for the prosecution argued that that document could not be recorded as evidence. Section 18 of the Evidence Act, submitted the counsel, clearly laid down that certain documents contained only admissions and the Section 21 of the same Act provided for the inadmissibility of such admissions in the evidence.

The document referred to by the defence counsel, he further said, was of the nature of an admission and therefore inadmissible.

STATEMENT V. EVIDENCE.

His worship, in discussing in detail, said that the counsel should differentiate clearly in the case between a 'statement' and 'evidence'. It was clear from the nature of the document that the question of inadmissibility would not arise after considering the arguments advanced by the prosecution counsel.

Therefore he overruled the objection and allowed the document to go down into records.

Another point discussed was when counsel for accused No. 3 asked witness to refresh his memory by looking at the exhibit Y-7 and further asked him whether Mr. Jehangir Petit told witness at the time that he was arranging for a loan of one lakh of rupees and more than the amount advanced by the Provident Investment Company.

Again counsel for prosecution raised an objection, one of the grounds advanced being that the evidence was only hearsay.

The Magistrate remarked that the prosecution should be fair to the witness and such questions had been allowed in their case and it was only in fairness to the accused that that question could be allowed.

OBJECTION OVERRULED.

Therefore His Worship again overruled the objection and witness replied in answer to the question that he did, by looking at the exhibit.

At one point, witness said that he offered Mr. Grey, Manager of the Bank of India, security of Mr. P. Jehangir's share in the commission which Mrs. Gulbai held; but Mr. Grey declined to accept it and insisted a second charge on jewellery mortgaged by Gulbai to Mr. F. E. Dinshaw.

Certain documents were recorded as evidence in the course of the-re-examination, when Mr. Colah's examination was disposed of.

At this stage the court rose for the day and the case was postponed till to-day (Friday).

Mr. Homi Bannaji, instructed by Messrs. Captain and Vaidya, appeared for the prosecution while Messrs. Sukhia, Jungalwalla and Lam defended the accused respectively.

DISMISSED WITH COSTS

Railway Guard's Suit Against Secretary Of State

(From Our Correspondent.)

KALYAN, Oct. 11.

Mr. M. S. Patil, the Second Class Sub-Judge at Kalyan, yesterday dismissed with costs the suit filed by Mr. K. N. Pitkar, formerly railway guard, against the Secretary of State for India-in-Council (through the Agent of the G. I. P. Railway) for a declaration that the discharge order served on him in March 1932 was illegal and in contravention of the terms of his service agreement, for reinstatement, for perpetual injunction to restrain the Agent from appointing another person in supersession of his claim, and for the recovery of damages to the extent of Rs. 2,045.

The plaintiff's story was that in February 1930 he went on strike, but reported himself on March 14 in accordance with the Agents' communique of March 1. His name was entered on the waiting list and was later taken up as a guard in "C" grade. In March 1932 his services were unjustly dispensed with.

The defendant's contention was that the Crown had a prerogative to terminate the services of its employees at any time.

The Sub-Judge held that the terms of the service-agreement and the provisions of rules of discharge and dismissal relied upon by the plaintiff could not restrict the power of the Crown to terminate the services, and therefore dismissed the suit with costs.

CHARGED WITH SELLING MINOR GIRL

Three Women On Trial At Esplanade Court

The case in which three Muslim women, Bibi Abdul Rehman, Fatma Ramzan and Fatma Rama are charged with having sold a minor girl for immoral purposes, came up for further hearing before Mr. O. H. Brown, third Presidency Magistrate at the Esplanade Police Court.

FURTHER EVIDENCE.

Mr. Naik of the Vigilance Association who is the principal witness for the prosecution was further cross-examined by Mr. H. R. Pardiwala, the defence counsel. He said that he was introduced to accused No. 1 by a pimp in November last. Later accused No. 1 introduced him to a Mahomedan girl Latoo and in April to two other girls.

Questioned by defence counsel witness said that he did not go to accused No. 1 from November to January and from January to April because he was busy with other cases.

APPOINTMENT.

On the 10th April, accused No 1 showed him the girl in this case and an appointment was made for him to meet accused No. 2, the girl's mother. Accordingly, all the three accused and the girl met him near the Tramway Workshop at Dadar.

Further hearing was adjourned to October 22.

Mr. Mankar conducted the prosecution, and Mr. H. R. Pardiwala, instructed by Mr. D. M. Mehta and Mr. Ardeshir Birdie, Advocates, defended the accused.

ECHO OF NAPPOO HALL MEETING

Defamation Suit Against Abid Ali Dismissed

Holding that the statement made by Mr. Abidalli Jafferbhoy, the Secretary of the B.P.C.C., to a reporter of the "Chronicle," following the disruption of a public meeting held on the 30th June at Matunga, was not defamatory of the Matunga Vyayamshala, Mr. M. A. F. Coelho, Presidency Magistrate, Dadar Court, Bombay, passed orders on Thursday, dismissing the suit filed by Mr. P. D. Bhansali, the Treasurer of the Matunga Vyayamshala, against Mr. Abidalli.

The meeting was held at Matunga under the auspices of the "F" Ward District Congress Committee and was presided over by Mr. Abidalli.

"NOT DEFAMATORY."

"It is contended by the defence counsel," observed the magistrate, "that the reference to some members of the Vyayamshala is a reflection on the Vyayamshala itself, as it obviously goes to show that the Vyayamshala contains some members capable of creating trouble, and this lowers the reputation and prestige of this body. I am unable to agree with this view. Every fold contains some black sheep. Because some members of the Vyayamshala are bad, it does not follow by any stretch of imagination, that the association itself is bad. I hold that the passages objected to are not defamatory of the Maheshwari Vyayamshala, and I discharge the notice."

THE COMPLAINT.

Mr. V. A. Vedak, who appeared for the complainant, put forward the plea that the Matunga Vyayamshala was of such a high order that no blame of any character can be laid at the door of any of its members. He furtner drew the attention of the Court to the fact that after the statement was made by the respondent, the institution suffered a decline in its income, because some of its members refused to pay their subscriptions unless the insult hurled at it was removed.

THE DEFENCE.

Mr. Babrekar, arguing on behalf of the respondent, said that the objected passage, on the very face of it, was not defamatory of the institution at all, nor was it defamatory of the complainant himself. As to the decline in the income of the Vyayamshala, the defence counsel said, that it might have been the outcome of the impressions the public received at the said meeting, or it might have been due to the popularity Mr. Abidalli had at Matunga.

The Magistrate reserved orders regarding the complaint made in respect of an alleged defamatory article published in the "Chronicle" relating to the same incident till Monday.

In And Around Bombay

(From Our Staff Correspondents)

Retrenchment In Municipality!

How does the Bombay Municipality prune its expenditure to balance the deficit budget? It is expected that the current official year will close with a huge deficit. The Municipal Commissioner has already warned the Corporation that there is going to be a deficit, he could not tell how much, but such as no Retrenchment or Advisory Committee in the world would prevent. Dame rumour has it that it will be in the neighbourhood of Rs. 20 lacs. The Municipal Corporation, therefore, is trying its best to balance the budget. It has applied to the Government of Bombay for financial assistance and also devised means to raise taxes even on grain and daily necessities of life. One would, therefore, think that in such straitened circumstances the Municipal Corporation would avoid lavishing beneficence on officers. A few days ago, however, the salary of an official was doubled, or rather more than doubled, as it was raised with a stroke of pen from Rs. 450 per month to Rs. 1,000 per month. A few days ago, they gave an extension of five years to an official whose retirement was overdue by four years and whose retirement would have saved the Municipality Rs. 800 per month. The latest move is to increase the salary of another official from Rs. 1,375 to Rs. 1,800 per month. In the ordinary course, a business house working at a loss would postpone giving any increment to the staff or officials until it was made paying. The Municipal rule evidently is quite different. If it was a poor clerk, he would have been retrenched.

Sun-dried Traffic-cops!

Crowded traffic junctions like Bhendi Bazar and Dhobi Talao require traffic-men almost always on duty to control the mass of vehicular traffic.

While their dress, including the head-wear, is singularly unsuited for men on duty at odd hours in the day, the hot Bombay sun makes them extremely wearied and irritated, as they stand exposed to the relentless rays especially during the mid-day. In addition, stupid drivers of rotten lorries, which fail at the nick of time, when the rush at the street crossing is the heaviest, and as a consequence, do not move owing to breakdown, exercise the patience of the constables on traffic duty.

In Rangoon, Madras and other places some sort of protection is offered to these persons on duty. It is time our City Police authorities devised measures for the construction of suitable sheltering places for the traffic-men. It seems feasible that the automatic signals now in use at the Princess Street crossing may be adopted with advantage at almost every congested traffic junction in the city. While the traffic-cops are underpaid, they need not also be sun-dried!

PUTLIBAI WILL CASE

Plaintiffs' Plea For Appointment Of Receiver

Mr. Justice Tyebji at the High Court disposed of the notice of motion taken out by Jugmohandas Kalliandas and others, plaintiffs, for the appointment of the Court Receiver to take charge of the estate of the late Putlibai, widow of Ranchhoddas Tribhovandas. The defendants are Pandurang Shamrao Laud and others.

The deceased who died in 1932 had made a will dated 30th August in which she left certain directions regarding the disposal of her estate worth several lakhs. The will was contested by the plaintiffs along with their brother, and that case ended with a consent decree in June 1933 by which Rs. 2 lakhs were set apart for charities, as against a larger amount mentioned for the purpose in the will.

CONFLICTING INTERESTS

The consent decree provided that the remaining charitable bequests should be carried out by the defendants after payment of certain legacies. The defendants were the executors and trustees under the will.

It was alleged by the plaintiffs that the interests of defendants 1, 2 and 3 conflicted with their duty as trustees and, therefore, they were not fit to continue as such.

This notice of motion had a lengthy hearing after which by agreement of both parties, the Court made no order and fixed the hearing of the suit for January next.

INFANTICIDE CHARGE FAILS

Accused Jailed For Concealing Birth

(From Our Correspondent.)
THANA, Oct. 11.

The Sessions trial of Hanifa, a 19-year-old Muslim girl, her aged mother Ayeshabi and her brother Ibrahim Mitha Kasum on charges of murder (infanticide) and concealment of birth concluded this afternoon.

Accepting the jury's unanimous verdict of not guilty of murder, Mr. M. A. Bhave, the Sessions Judge of Thana, acquitted the accused. However on the second charge, they were unanimously found guilty. Hanifa and Ayeshabi (60) were sentenced to two months' simple imprisonment and Ibrahim to six months' simple.

The prosecution case was that on the night of February 23 last Hanifa gave birth to a female child at Uran and after killing it, her (Hanifa's) brother threw it near a culvert.

The girl denied in her statement that she had given birth to a child, but the defence pleader in his address to the Jury conceded that a child was born to Hanifa, but argued that it died in the course of the delivery. As regards disposal of the dead body, there was no secrecy as it was placed near a culvert. At the most their intention was to keep back the identity.

CHOLERA IN THANA

26 Fatal Cases So Far

(From Our Correspondent.)
THANA, Oct. 11.

Though there were no fresh cases of attacks recorded, three more persons died to-day of cholera.

The total number of deaths and attacks is 26 and 41 respectively, according to the latest report received this evening at the Thana Municipal Office.

It appears that the spread of the disease has been effectively checked by the preventive measures taken by the municipal authorities.

ELECTRIC FLOOD LIGHT FOR TILAK STATUE

Municipal Commissioner Opposes Proposition In Corporation

'It is purely a "stunt" and the whole suggestion is ridiculous."

With these remarks, the Municipal Commissioner urged the Municipal Corporation on Thursday to turn down the proposition of Mr. S. B. Awar to provide electric flood light for illuminating the statue of Lokmanya Tilak on the Chowpatty Sands.

Mr. Awar moved:—That "the Commissioner be requested to consider and report through the Works Committee on the feasibility of providing electric flood light for illuminating the statue of Lokmanya Tilak on the Chowpatty Sands."

Dr. M. B. B. Velkar seconded the proposition.

COMMISSIONER'S OPPOSITION.

The Municipal Commissioner opposed the proposition and said, to use parliamentary language, that it was purely a "stunt." There were a number of streets in Bombay which were ill-lighted while some of the roads were neglected for want of proper lights. It was therefore ridiculous to suggest to light the foreshore of Chowpatty when streets and roads required adequate lights. At the same time he averred that he had respect for Lokmanya Tilak but he did not think that the proposition was a fair one.

The proposition was lost by 16 votes against 14.

NO TODDY SHOP NEAR TEMPLE

Corporation Adopts Protest Resolution

In the Corporation on Thursday Mr. R. A. Gole moved:—"That the Corporation strongly protest against the location of a Toddy shop in a building adjoining a Hindu Temple in Coppersmith Street, Mazagon, inspite of protests from the people residing in the locality."

"That the Municipal Secretary be requested to communicate this resolution to the Collector of Bombay with a request to reconsider his decision and remove the shop from the place."

Mr. Gole said that Parsis, Hindus and Muslims residing in the locality had sent their protests against the toddy shop but it had no effect. He hoped the Collector would take notice of the protest of the Municipal Corporation.

Mr. S. B. Awar seconded the motion.

Sir J. B. Boman Behram advised Mr Gole to wait till the Excise Committee of the Corporation was formed. He thought it better to send the resolution through the Advisory Committee.

Mr. E. R. Hirjibehdin thought no good purpose would be served by requesting the Government on excise questions as they turned down the protests of the Corporation as a rule.

The proposition was however carried when put to vote.

The Corporation then adjourned till Monday.

CONGRESS NOMINATION SURPRISES

The scrutiny of nomination papers in connection with the Assembly election has revealed many unpleasant surprises. The most unpleasant is the absence of Mr. K. F. Nariman's name from the voters' list. The omission has naturally created much excitement in the City, if only because Mr. Nariman's election as a Congress candidate was generally acknowledged to be quite a certainty. It is said that the name of his brother, who bears the same initials, was wrongly believed to refer to him, though the address given against the name should have prevented the mistake. It is clear that both Mr. Nariman and the Bombay Provincial Parliamentary Board have been caught napping. They called upon all eligible voters to scrutinise the voters' list carefully and get themselves enrolled if their names were omitted. But they failed to take the same care themselves. This is, indeed, gross and inexcusable laxity, for which Congress would have lost a certain seat but for the timely stepping in of Mr. K. M. Munshi, who is about as strong a candidate as Mr. Nariman. It is also some consolation that Mr. Nariman is one of those who are as earnest workers outside the legislature as in it.

Malaviya's Candidature

Another unpleasant surprise is the rejection of Pandit Malaviya's nomination on the ground that his name is not correct in the rolls. Apart from the question of responsibility for the error in the rolls, the rejection will be much regretted by all, and not the least by the Congress. For with all its differences with the Pandit on the question of the Award, Congress wished him to be elected and had decided not to put up its own candidate against him. Even now it is reported that several U. P. Congress leaders are attempting to get him elected unopposed. We trust the efforts will be successful. We welcome the report that Dr. Bhagwandas has been elected unopposed and Munshi Ishwar Saran, Congress candidate for the Benares-Gorakhpur constituency has secured a walk-over, the nominations of rival candidates having been rejected. Nearer home we welcome Mr. Jinnah's election from the City in the absence of a Congress Muslim candidate. His politics have been somewhat uncertain for some time past, but his disillusionment in matters constitutional should lead him once again to range himself on the side of Nationalists.

Voters' Duty

The most disconcerting feature of the Congress election campaign is the refusal of Government to remove the disqualification of Mr. Dwarkaprasad Misra of Jubbulpore. Government's apparently vindictive policy in this case has set Congress leaders thinking furiously over this affront to the Congress and the country may any time hear of some important developments in this connection. Seth Govind Das, Mr. K. F. Nariman and several other Congress leaders have suggested that the question be treated as an All-India one and we are sure that Gandhiji is seriously discussing the question with the Congress President and Dr. Ansari, President of the Parliamentary Board. For the rest, we must wait and see, though we would deprecate any hasty decision. Meanwhile the hostile attitude of officials towards Congress should urge Congress workers to intensify their election campaign everywhere and the electorate in general to be more determined in their support to the Congress. Gandhiji has rightly called upon the voters to consider not persons but principles and he hopes that they will not hesitate to choose Congress representatives. It is up to the voters all over the country to respond worthily to this call. Let it not be said by posterity that at a critical juncture in the long struggle between Congress and Government for national freedom any section of the electorate was indifferent or hostile towards the Congress.

Indian Railway Problems

The chiefs of the Indian State railways, who met in Conference at Simla, have been considering the problems of railway administration in the country, in a mood of of restrained optimism, which seems strangely at variance with the present state of railway earnings. The earnings of the Indian State railways were the lowest perhaps two years ago; they are, for the six months of the current financial year, about two crores better than for the corresponding period of last year. Even so, they are still very far from the point when the depleted railway reserves could hope for a replenishment, and much less could the general revenues of the country expect a resumption of the full railways contribution on the old basis. But, such as these earnings are, they present an index of the depression lifting that ought to have made the railway administration authorities more jubilant than they appear to be, judging from the pronouncements of the chief spokesmen at the Conference.

The improvement now noticeable in railway finances is due to the economies, suggested by the several Retrenchment Committees which had considered the problem in the last three years of acute financial stringency; and, still more, to those recommended by the Pope Committee. Not all the measures suggested or recommended by that Committee have yet been carried out. It may, therefore, be yet premature to say it all the savings possible to make in the railway administration have been effected, and whether our railway are administered on the most economical and efficient basis. We have instanced and considered the recommendations of the Pope Committee for economies earlier in these columns; but we must wait for the annual Administration Report of the Indian Railways to be in a position to judge how far the Indian railways have taken to heart the lessons of the world depression. The general principles of railway economics, in favour with the Indian railway authorities, are yet, however, such as to render the prospects of drastic economies gloomy in the extreme; so that the prophet who ventures upon an unduly optimistic vein regarding the future of railway finances in India would run a great risk of being confuted by the railway administrators themselves.

But, while the basic principles of railway finance and administration remain unaffected, competition is growing with this monopolistic enterprise raising a wholly new danger that was not even thought of before the War. Both in the goods and passenger traffic for short distance as well as long, the road traffic by motor bus is becoming a serious rival to the railway. The railway chiefs are aware of the danger; and they recognise that it would not do simply to ignore the motor-bus, or the aeroplane. The recent amendments by legislation, imposing a certain amount of regulation on the competing transport agency in the interests of the railways, would, one might venture to say, not only not stifle the competition, but would even prove unpopular because of the appearance which it necessarily wears of undue protection to an already powerful interest, at the expense of the general national economy. For any regulation of road traffic designed to make it costlier than it is must appear to be a needless burden on the country's trade and industry. The only chance for the railways for a reasonable return on their capital,—a reasonable return for the service they perform,—lies in a co-ordination with the road and air services. Whether the State in India,—which is so vitally interested as a proprietor of the railways,—should own and run road motor services and aeroplanes in conjunction with the railways and as their supplements; or whether it should content itself merely with imposing regulations for restraining the competition between the road and the railway traffic,—there is little indication at present to judge. Under present conditions,—and with the maxims of finance and economy that seem to inspire our present rulers,—we fear the patent lesson of these post-war conditions,—and even of the example of the London transport co-ordination scheme—would seem to be wasted upon Indian railway authorities. Co-ordinated control and State ownership of all the means of transport, joint operation and pooled earnings; reasonable rates and fares as much in the interests of any given transport agency like the railways as in those of the general national economy, will be neglected in India, if not opposed; and faith pinned to the desolate, uneconomic method of a regulated control of private ownership of alternative transport facilities, which will only end in the creation of private vested interests, too powerful in course of time to be dealt with satisfactorily without imposing an undue burden on the general taxpayer. The fate which even now seems obvious for the motor-bus will also attend the aeroplane for fast and richer passenger traffic. Companies or concessionaires would take root and grow strong, till they would be in a position to defy the collective will of the people, and demand absurd compensation, or go their own way of profiteering and exploitation, however harmful these might be to the national economy at large.

The problem of the railway rates and fares offers another instance of the difficulties of the administrators, which the Conference has done little to solve. Not only have the railway rates and fares makers to take into account the competition of the alternative transport agencies; they must also consider the growth of new lines in Indian States competing with them. Further they must consider also the relief to the general tax-payer, who has for so many years made good the railway deficits, and borne the burden of the guaranteed dividends on railway capital. These are, we are aware, conflicting demands. But the authorities do not seem to have realised yet the seriousness of the problem before them. There is a Committee, we are told, enquiring into a revision of the classification of the railway rates; but whether the rates themselves need revision, in recognition of all these complexities, and with a view to reduce them,—there is no indication. On the contrary, the Commerce Member of the Government of India seems to be positive that there is little hope of an early revision with a view to the reduction in the passenger fares, or goods rates on the Indian railways. The leakage, on the other hand, through ticketless travellers, aggregating nearly three millions in a year, and accounting for one knows not what enormous loss of earnings to the State, is only one instance of such waste, or inefficiency in the detailed administration of the railways, which there is as yet no sign of being improved. It is to be hoped, however, the situation in all these regards would have improved by Budget time next year so as to offer a solution of the problems instanced above.

KONKAN LANDHOLDERS' PLIGHT

Need For Generous Remission Of Land Revenue

(BY R. L. GHARAT.)

Owing to irregular rainfall the rice and garden lands in the Konkan yielded very poor crops during the last three years, and consequently the landholders' condition became pitiable. To add to their miseries the prices of the produce of land were very much lowered, and small and big landholders found it difficult to pay the Government land revenue. Government sympathetically considered the landholders' petitions and suspended collection of three annas of revenue in a rupee during the first two years, and in the third year granted a remission of three annas as well as of the suspended six annas of the previous two years in those talukas where the second revision settlement was complete and the land assessment increased. The landholders will no doubt be grateful to Government for this act of mercy. But when all the circumstances are considered, the remission granted by Government is inadequate and a remission of the whole 33-1/3 per cent or five annas and four pies in one rupee of revenue increased in the second revision settlement should be remitted.

Chief Complaint.

It is necessary to give remissions

A PEEP INTO RURAL ECONOMICS

The Problem Of Indebtedness Overshadows All Other Problems Concerning Rural Life

By VISHWAMITRA

The first thing that raises its head and an ugly head too when we peep into rural economics is the problem of rural indebtedness. It overshadows all other problems concerning the welfare of the rural population. It does not allow a student of economics to go further in this study of that subject with a view to find out suitable remedies to bring about rural uplift unless he has first tackled it. Many of the rural evils that appear to-day to demand remedies of non-economic nature have their origin in this crushing burden of indebtedness. It may, therefore, be said that any efforts for rural reconstruction are bound to be ineffective if not entirely unsuccessful unless and until they are preceded by or even accompanied with the tackling of the problem of rural indebtedness.

Debt Of 800 Crores

It is estimated that the total agricultural indebtedness of British India amounts to Rs. 800 crores. Why has there been such a heavy load of indebtedness? That this load is ruining the industry of the ryots and is also disabling them from improving their position in the social and economic life of their country, is a statement which none can question. The causes of this indebtedness must be traced if suitable remedies are to be found out for its removal. The diagnosis of this economic disease requires on the part of the student of economics an attitude which is absolutely free from pedantic presumptuousness and personal prejudices. Otherwise, the diagnosis might lose much of its objective correctness and the remedies prescribed might become harmful instead of wholesome.

The Causes

This indebtedness has been the outcome of not one cause but many causes. There are two methods to trace these causes. They are:

(1) If you look at the heavy indebtedness with a view to examine it through the ryot as he is found to-day there is the danger of your fixing the whole blame for indebtedness on the ryot himself. There is no denying the fact the ryot as a unit in the economic life of the country, is hopelessly old-fashioned. He has failed to utilize the best opportunities offered to him by the peace and good government in skilfully re-adjusting his life in accordance with the new changes. He is like an old relic—a broken jar found at Mahenjo Daro, historically full of wealth but economically a mere broken jar to be thrown on dung-hill. His deterioration is due more to his cultural incapacity than to any rough handling in the economic struggles of modern times. This is how this first method of tracing the causes of indebtedness leads one to fixing the whole blame on the ryot himself.

(2) Now for the second method. If you look at the ryot—through the indebtedness, the spirit of humanity—provided it is still living in you—rebels against you and forces you to send your mind somewhere else, away from the ryot, in search of the causes of his indebtedness. This method is more honest than the first and, in addition, it is pregnant unlike the first with the possibilities of sincere efforts being made for the real good of the ryot.

A National Necessity

Let me not be misunderstood. I do not mean to say that the ryot is not without his defects. Who is there, in fact, without his or her defects? My contention is that the ryot should be treated as a human being with due respect to his physical and mental imperfections and weaknesses. His inability to assert his rights must not be made a cover to screen the sins of commission and omission on the part of those on whom the responsibility of the well-being of the whole nation in general and the agriculturists in particular, rests. Rural uplift is a national necessity and not, as it now appears to be regarded, a philanthropic and humanitarian move.

Our Government encouraged by the wonderful results of the Co-operative Movement in some of the agricultural countries of the West started that movement in our country in 1904 and has since then a department for co-operation. This department comes daily in touch with the ryots and, therefore, it will not be out of place here if we take stock of its achievements during its 30 years' career in its efforts to improve the economic condition of the ryots.

Has Co-operation Failed?

From the ryots' point of view the co-operative movement as it is now being carried on, has been a failure. Statistics may be marshalled to show an all-round increase—increase in the capital, increase in the number of members and the societies. But if one goes behind these front-wall dressings and decorations and peeps into the homes of the ryots one will see quite a different picture. I am not in the least inclined to condemn the co-operative department. As a representative of the ryots—or rather as

Frankly Speaking

REACTION WINS.

"The Cortes," says a Madrid message of October 9, "opened this afternoon surrounded by a cordon of troops and police. The Monarchists thunderously cheered. M. Lerroux. No Left-wing Deputies were present. It is understood that they were excluded, because Government intends to outlaw the Socialist Party." As in Austria so in Spain, Socialists are to be made the scape-goats of a reactionary conspiracy. For conspiracy it was. What developed into a revolutionary revolt involving bloodshed was in its origin a perfectly justifiable protest against the inclusion into the Ministry of men holding pronounced Fascist and Monarchist views. The tendency was obvious enough. It was a challenge to Socialists on behalf of Reaction. They were compelled to accept the challenge. The rest was quite simple specially in Latin Spain with her traditions of quick ebullitions of violent feelings. Austrian tactics have been successfully repeated in Spain. It now remains to be seen whether the present regime will continue as semi-Fascist-Monarchist that it is or develop into a full-fledged dictatorship whether Monarchist or otherwise.

MALAVIYAJI'S GRIEVANCE.

Malaviyaji is reported to have a fresh grievance against the Congress. According to an Associated Press message from Benares, he seems to have suggested that Mr Sri Prakash and others should not have got themselves nominated from his Allahabad-Jhansi constituency. But he himself supplies the answer by confirming the report that he had intended to retire "to enable Mr. Chintamani to be returned unopposed." Now, if the Congress Parliamentary Board had decided to leave that constituency alone it was for the sake of Malaviyaji himself and not for any nominee of his. Mr. Sri Prakash had been nominated not, we believe, to fight Malaviyaji but Mr. Chintamani to whom Malaviyaji would have passed on a seat that was presented to him as a personal gift. Mr. Chintamani has gracefully retired but, as Mr. Bagla refuses to withdraw, the Congress has no other alternative than to contest the seat.

HARIJAN CONFERENCE

In a letter to a local Harijan leader Gandhiji has made it quite clear that so far as the modification of the Communal Award is concerned, the Harijan part of it cannot be modified except by the unanimous consent of all the parties concerned and that he himself would be no party to any modification which might worsen the position of Harijans or which has not their consent. This assurance was quite superfluous, for Gandhiji has given it before on several occasions in connection with the agitation of a section of the Bengal Hindus for the modification of the Poona Pact. We are told that in view of this assurance those local Harijans who wished to convene a Harijan Conference have abandoned the idea for the present. It is a wise decision for more reasons than one. The idea was opposed by many local Harijan leaders and had received little or no support from other parts of the country. An All-India Conference is a costly affair and should be initiated only by responsible and representative bodies with more than local influence.

A GRAVE ISSUE.

No reply could be more dignified than that given by Sjt. Dwarka Prasad Misra to Government's refusal to remove the ban on him. "I never gave any quarters to Government, nor did I expect any for myself." "If," Sjt. Misra adds, "this was intended to make a good boy of me, the sooner the Government is disillusioned the better for it." Seth Govinddas rightly says that the decision has raised an issue of grave importance to the self-respect of the Indian National Congress. It has, in fact, done more. The decision being quite palpably, nay defiantly, extra-legal it implies that candidates can seek election to the Assembly only on the sufferance of Government, that the principle of representation is subject primarily to bureaucratic whims and prejudices. The issue will have to be fought. But having been raised literally at the eleventh hour, this is not the occasion for it. For, supposing the suggestion to withdraw from elections is adopted the Congress will have given up a fight which it has already half won. The gain will be the gain of the enemies of the Congress.

WELCOME ENTERPRISE.

We welcome the enterprise of some Congress Socialists who have launched from Calcutta a radical weekly with the expressive name of "Congress Socialist." The first two numbers of the weekly are before us and both deal with the problems facing the country and the Congress from the Socialist point of view. Well printed and got up, they are valuable as affording a clear explanation of how Congress Socialists are reacting to the different problems from day to day. Therein will be found, among many other things, a defence of the Socialist group remaining within the Congress, and Congress Socialist views on the Communal Problem, the Constituent Assembly and the Congress Parliamentary Board. We wish the weekly a long career of useful service and, we hope, our contemporary while ventilating differences with firmness and honesty will also always remember that they are domestic differences between brothers owing allegiance, and obligations that allegiance implies, to the common parent body.

PRESS VIEWS

Tribute From Burma

Mahatmaji is, as it were, the living embodiment of Truth and like Jesus Christ he undergoes a series of sorrows and persecutions in the struggle for truth. The idea, that the Divine Spirit cannot be crushed by violence or repression, manifests truly in his own self. Being privileged to live in the same age with such a great personage we humbly join in the thankful prayers and rejoicings on the occasion of his 66th birthday. That the Mahatma holds a unique sway over the Indian masses and that his philosophy of life has received the appreciation of the most eminent persons in other countries are admitted even by his critics. The fact that Mahatmaji's autobiography—"The Story of My Experiments in Truth," has been translated into various languages of the world is itself a sufficient recognition of the great influence Gandhiji's ideal and personality are exercising on men and women alike.—"Rangoon Mail."

We are extremely disappointed at the nomination of Pandit Malaviya being held invalid. Mr. Bagla will now contest the constituency and the Congress Parliamentary Board will have to go through the bother of fighting him. The result, of course, is a foregone conclusion. But the nuisance of the whole thing!

James Grainger, the racing pilot who crashed at Santa Monica, California, when taking off with his machine which was entered for the Melbourne race, has died.

Col. Roscoe Turner, another American Ace has reached Plymouth with Clyde Pangbourne and a racing machine.

The French airman, Capt. Challe who is making great effort to get the remaining French aeroplane, a Bleriot model, ready, will reach the starting point by Saturday.

It is expected that not more than 30 of the original 65 entries will compete.

COMPETITORS TO BE ENTERTAINED

On Friday night, Lord Gorell will preside when the Royal Aero Club entertains the competitors at the Grosvenor House, London.

The American and German ambassadors, and the High Commissioners of the Irish Free State, Australia and New Zealand will attend.

"The Irish sweep," with pilots Col. Fitzmaurice and Bonar flew to Eastleigh England on Tuesday from Bremerhaven. The plane which is described as the most graceful ever built is landing like a bird. A speed of 250 miles is attained without retracting the under carriage. It is designed to do 274 miles, or cruise at 242 miles per hour.

Col. Fitzmaurice said: "We were as comfortable as twins in Bassinette. The machine is now being tuned up for the flight on Wednesday next to the starting place at Mildenhall.

TO WITNESS AIR RACE

Police Preparations At Allahabad

ALLAHABAD, Oct. 11.

No official announcement has yet been made that H. E. the Viceroy will witness the air race. The local authorities decline to make any statement, but it appears no special camp is being prepared for him.

Mr. Hunt, Superintendent of Police, will be in charge of the special police arrangements at Bamrauli where the attendance is expected to be very large. Enquiries show that a platform is being built for Miss Cochran, the American aviator, not for the purposes of refuelling in the air but as her own private arrangement for quick refuelling.—A.P.

ONLY 25 TO COMPETE IN RACE?

RUGBY, Oct. 10.

Of the original 64 entries for the England-Australia Air Race it is now regarded as improbable that more than 25 competitors will start. The Royal Aero Club, who are organising the race are however still without definite information regarding several of the entrants.

Only 14 official cancellations have been received, but information from other sources indicates that at least 20 others will not start. England will be represented by 6 machines, of which 3 are de Havilland Comets, one of them being piloted by Mr. and Mrs. Mollison.—B.O.W.

ALLAHABAD, Oct. 11.

In connection with the London-Melbourne air race the E. I. Railway are issuing cheap week-end return tickets from October 14 to 23 available for the completion of the return journey upto October 25. There is a heavy rush for accommodation near Bamrauli aerodrome and visitors are arranging to pitch their camps in the neighbouring areas. It is reported that about 32 machines only will start for the race, twelve British and only one French.

The American competitor who it is reported will refuel in the air at Bamrauli is Miss Cochran.—A.P.

If as feared the missing aviators had no food or water since Monday morning their position must be considered very precarious.—Reuter.

BRITISH GOVERNMENT NOT WARLIKE

Will Not Coerce India, Says Home Secretary

LONDON, Oct. 10.

Dealing with European problems in connection with the murders of King Alexander and M. Barthou in a speech at Gravesend the Home Secretary Sir John Gilmour laid stress on the fact that the Government were not warlike. They were neither seeking a world war nor were they going to ask the people to provide forces to dragoon the great Empire in India. "We believe that history will show that we were right in thinking that while we can conserve certain rights and responsibilities which we owe to the people of India, yet we can do it by giving them a greater share in the Government and while retaining such securities as necessary, we believe they would take those responsibilities for the advantage of their own people, and also for trading advantages with this country."—Reuter.

HE WAS FRIEND OF HIGH & LOW ALIKE

Glowing Tributes To Late Mr. Talyarkhan

Eloquent tributes were paid to the memory of the late Mr. Furdoonji S. Talyarkhan, Bar-at-Law, who expired on the 1st inst. after a brief illness and to honour whose memory a public meeting was held under the auspices of the Young Men's Parsi Association, at the Sir C.J. Hall on Thursday evening.

In proposing Sir Cowasji Jehangir to the Chair, Mr. Jamshed E. Engineer referred to the genial temper, the unfailing courtesy and simplicity of Mr. Talyarkhan.

The proposal was supported by Miss Khorshed J. Bharda.

FRIEND OF ALL.

The President recalled his friendship with late Mr. Talyarkhan extending over a period of about 35 years and paid a tribute to his memory.

Late Mr. Talyarkhan was always willing to help the poor and the needy and exhibited uniform kindness without any distinction between the high and the low. He claimed friends from all communities. If one had friends in all communities in a cosmopolitan city like Bombay, observed the speaker, one should have qualities of exceptional character.

Messages of sympathy and tribute from Mahatma Gandhi, Messrs. Jayakar, S. A. Brelvi and B. G. Horniman, the Persian Consul in Bombay and Mrs. Engineer, Mr. Justice Bakewell and others were read out at the meeting.

SPARED NO PAINS.

Mr. B.J. Wadia in moving the resolution expressing the condolences of the meeting, said that Mr. Talyarkhan made it his principle in life that the "only way to have a friend was to be one." He was always courteous even to the most junior member of the Bar and he sincerely believed that courts could be "Courts of conciliation instead of being courts of litigation." But when the issue had to be fought to a finish, Mr. Talyarkhan spared no pains to bring about justice to one according to one's desert.

HIS GREAT QUALITIES.

Mrs. Sarojini Naidu referred to the qualities of Mr. Talyarkhan in the human aspect of his life. As a husband and father of a united and happy family, Mr. Talyarkhan set an example to many people and in ths respect he was indeed to be emulated. Refusing to grow old, keeping the magic fountains of youth within himself, always remaining a source of inspiration to one and all, Mr. Talyarkhan not only had the wisdom of the grey hairs, but displayed the feeling of comradeship, the companionship and even the friendship of the youth with the youth.

Sir H. P. Dastur, Chief Presidency Magistrate, Bombay, speaking next, made a reference to the rare gift of friendship of late Mr. Talyarkhan. His feelings were always sincere towards all those who had come into touch with him. Ever courteous and ever ready to help any one in need, his advice and friendship were eagelry sought by all communities irrespective of class or creed.

Among others who addessed the meeting were Messrs. F. J. Coltman, S. S. Dubash, D. P. Sethna, A. K. Munshi and H. D. Banaji.

The following resolutions duly proposed and seconded were unanimously passed at the meeting:

"This meeting of the members of the Young Men's Parsi Association and friends and admirers of the late Mr. F. S. Talyarkhan, Bar-at-Law, records its sense of profound sorrow at his sad and untimely demise. In him the Association has lost its esteemed and helpful Vice-President, the Bombay Bar a distinguished and popular member, the city a public spirited gentleman of charming personality and the Parsi community a splendid son.

"This meeting also records the varied and valuable services rendered by the late Mr. F. S. Talyarkhan in civic and public life and his willing and useful co-operation in the affairs of several institutions and associations of the city, which will be remembered gratefully for a long time. His delightful manners, unfailing courtesy and unceasing kindness makes his many friends and admirers mourn his death as a personal loss."

"This meeting begs to convey its heartfelt sympathy and condolence to Mrs. Talyarkhan and to the members of the family in the hour of their great loss and grief."

"That the Chairman of this meeting be authorised to forward the copies of the resolutions passed at this meeting to Mrs. F. S. Talyarkhan and family."

PREPARATIONS FOR CONGRESS SOCIALIST CONFERENCE

Purushottam Tricumdas Elected Chairman Of The Reception Committee

The first annual general meeting of the Bombay Congress Socialist Party was held in the Students' Brotherhood Hall on Thursday evening to elect Office-bearers, the Executive Committee of the Party and the delegates to the All-India Congress Socialist Conference to be held in Bombay on the 21st and 22nd instant.

Mr. Yusuf Meherally presided.

Mr. Purushottam Tricumdas, Jt. Secretary of the Party, at the outset, read the report of the work done by the Executive Committee in the few months since its formation and moved for its adoption.

The report referred to the circumstances in which the Party came into existence after the Poona Conference in July 1933. Since then, Congress Socialist Groups were being formed in various parts of the country, and the Bombay Presidency Congress Socialist Group was organised for the three Congress provinces of Gujarat, Maharashtra and Bombay. Following the Patna All-India Conference of Congress Socialists, the Bombay Presidency Group was transformed into a Provincial Party. Thus the Bombay Congress Socialist Party came into being.

PARTY'S ACTIVITIES.

"The work of the Party," says the report, "cannot be separated from that of the Group." On its formation, the Group extended their sympathy with and support to the General Strike of the textile workers, which was then being organised by the Council of Action of the All-India Textile Workers Conference. When the strike was declared, three of the Party's members, namely, Messrs K. K. Menon, F. M. Pinto and Madan Shetty were actively co-operating with the Strike Committee. In Sholapur too, Mr. S. S. Batliwala of the Bombay Party along with members of the Maharashtra Party actively participated in the strike in Sholapur. Mr Batliwala and Mr. Vibhute were arrested in the course of their work in Sholapur strike and were sentenced.

SOCIALIST IDEOLOGY

The report then detailed the activities of the Party in propagating the Socialist ideology through public meetings. It was pointed out that at the representative conferences of Bombay Congressmen which were convened to make recommendations to the All-India Congress Committee meeting at Patna, the Socialist proposition received majority support.

PARTY'S FINANCES.

Concluding the report says:—"The smallness in the membership of the Party is compensated by its discipline."

The statement accounts showed that financially the Party was poor, and the report contains an appeal to the members to make it strong financially in order to enable the Party to work out its programme successfully.

Mr. C. K. Narayanswami seconded the motion for the adoption of the report and the statement of accounts. The meeting passed the motion unanimously.

The election of two Secretaries and nine members of the Executive Committee was then proceeded with. There being only two names proposed for the offices of the Secretaries, Messrs M. R. Masani and Purushottam Tricumdas were elected as Joint Secretaries of the Party. For the nine seats on the Executive Committee there were seventeen contestants. The following were elected:—

1. Mrs. Kamaladevi Chattopadhyays,
2. Mr. Yusuf Meherally,
3. Mr. C. K. Narayanswami,
4. Mr. Ali Bahadur Khan,
5. Mr. F. M. Pinto,
6. Mr. K. K. Menon,
7. Mr. S. S. Batliwala,
8. Mr. J. C. Maitra, and
9. Mr. Majid Hakim.

Mr. Hakim withdrew his seat on the Executive Committee in favour of Mr. K. D. Merchant, who came tenth in the election. Mr. Merchant was, therefore, elected as a member of the Executive Committee.

ELECTION OF DELEGATES.

The election of delegates to the All-India Congress Socialist Party was next proceeded with. According to the decision of the Delegates Conference of the Congress Socialists held at Benares, Bombay could send fifteen delegates to the Conference.

At this stage Mr. C. K. Narayanswami took the Chair, Mr. Meherally having had to leave the meeting to attend to important engagements. There was keen contest. Not less than twenty-five names were proposed for the fifteen seats. The following were ultimately declared elected:—

(1) Mr. Yusuf Meherally, (2) Mrs. Kamaladevi Chattopadhyaya, (3) Mr. S. S. Batliwala, (4) Mr. M. R. Masani, (5) Mr. Purushottam Tricumdas, (6) Mr. K. K. Menon, (7) Mr. C. K. Pinto, (14) Mrs. Kamalabai Kombraball, and (15) Mr. Keshav Talpade.

Reception Committee Meeting

Before the annual general meeting, the first meeting of the members of Reception Committee of the All-India Congress Socialist Conference was held. The meeting was convened for the election of the Chairman, other office-bearers and the Working Committee of the Reception Committee. Mr. Ali Bahadur Khan presided.

Mr. Purushotiam Tricumdas was unanimously elected Chairman of the Reception Committee on the proposal of Mr. Y. J. Meherally.

Service Of The Harijans

A CRITICISM OF HINDU SEVAK SANGH

Our Readers' Views

To the Editor of "The Chronicle."

Sir,—We, the undersigned students of the New Era, Esplanade, Elphinstone, Fort and Proprietory and Central High Schools are thankful to you for publishing in the columns of your esteemed paper our letter with reference to the Hindu Sevak Samaj and Khaddar Hundis.

Two activities of the Hindu Sevak Samaj are: a "Regular Montessori School" and the other a Creche. The Montessori School is run by a Harijan boy versed upto the Gujerati IV standard, sometimes helped by a drill master. The Creche is run by a Harijan woman. This Montessori school is run in a room 11 feet by 10 feet, and about 40 small kids are daily huddled together therein. Their dirty clothes are kept beside them and for the two hours they sit in the room they are given to wear two pieces of clothes. Then the children's faces and hands are washed, their heads are oiled and only sometimes they are given some sort of drill. And this completes the "Montessori" routine.

Any person, who knows the A-B-C of Montessori, will agree that this collection of children has nothing to do with the real Montessori method, except that Montessori apparatus remain shut up inside a cupboard.

The Creche on the other hand, in this congested area, occupies four rooms and it provides for 12 children, the actual attendance being six to seven. And the total expenditure as shown on these two items comes to Rs. 1,672. Is this not a waste of public money?

The report states on page 4, that physical culture was taught with the help of the Gujerat Vyayam Mandal to big and small boys and girls residing in the locality. Only children attending the Municipal Primary School are given drill by the Gujerat Vyayam Mandal with the express permission given to that Society by the Schools Committee of the Bombay Municipality.

As to the scholarships, the Hindu Sevak Samaj gave only rupee one per head per student to seven pupils attending a particular school. The same boys were given Rs. 2 per month and Rs. 5 for books by the Harijan Sevak Sangh. And the expenditure shown in the accounts is Rs. 84. It should be noted that the scholarships were given only during a period of seven months in the year under report.

It is also said that we Harijan boys are not intelligent enough, according to the Principals of High Schools, to deserve concession in fees. This is not true, because most of us attending the above schools receive our education at concession rates, and from our reports it will be seen that we can reasonably compete with any student of the Savarna even standing first in our classes.

Page 5 of the report mentions that the Hindu Sevak Samaj has provided housing facilities in the I.T. Chawls. What conclusions can we draw, when we know that the Chawls have been given through Seth Mathuradas Vissanji, President of the Harijan Sevak Sangh, to the residents of Tadwadi; in fact, the Hindu Sevak Samaj has as much to do with this matter as the moon has to do with the activities of the Sevak Samaj.—Yours etc.,

Mr. Nariman & Assembly

To the Editor of "The Chronicle."

Sir,—I was surprised to read in to-day's papers that Mr. K.F. Nariman cannot stand for the Assembly, because of his not being a voter on the electoral roll of the Assembly. Knowing who can stand for the Assembly, it took my breath away; but being a long-lived man and knowing Mr. Nariman, I am still alive. I wish to point out that Mr. Nariman's name need not be on the roll of the Assembly at all, and he can still stand for the Assembly. It does not appear from the nomination form for the Assembly that a candidate should be on the roll of the Assembly. All that he has got to show is that his name is entered as a voter in some constituency. It need not be an Assembly constituency. On page 4 of the Revised Rules and Regulations of the Legislative Assembly, under the heading: Special Qualifications for Election in case of Certain Constituencies; I find that:

"No person shall be eligible for election as a member of the Legislative Assembly.....unless (a) his name is entered on the electoral roll of a constituency, or of a constituency situate in the same Province and prescribed for election to the Provincial Council....."

It being so, I fail to understand what all this fuss is about; whether it is all propaganda. We are all along told that Mr. Nariman would not stand, and if he was standing, it was against his will. If he does not intend to stand, will he not be flouting the wishes of the parent-body, for which he is claiming blind allegiance from all and sundry, whether they agree with that body or not?—Yours etc.,

A Muslim Daily Newspaper

To The Editor of "The Chronicle."

Sir,—It was only two days ago that I was afforded an opportunity to read the "Tete-a-Tete" column of the "Chronicle" of the 25th ultimo in which you published my appeal for a Muslim daily newspaper.

As an Ex-Finance Minister credited with possessing "peculiar hobbies" like the "fantastic" one of advocating the necessity for an up-to-date Muslim daily of an all-India importance, I can well afford to smile and thank the writer of the notes in the above column for his precious disinterested advices to give up such an idea and to 'dream of something else." I have, however, never been a dreamer all my life and have been accustomed to deal with facts and figures alone. And I would not have troubled you with these few lines again but for the fact that his remark about the "Star of India" is calculated to create a misunderstanding. I had included this Calcutta paper among the two or three existing dailies alluded to in my last article and I have nothing but praise for them in their own spheres of usefulness. But, with all respect to the views of the notes-writer, I do not think that the "Star of India" is by itself. Enough to meet the multifarious needs and requirements of 80 millions of Muslims. He may think so, but no reasonable person can agree with him on the point. The millenium is not yet when there may be no need for more papers "to serve the Muslims" or for the present number of papers for other schools of political thought in the country. —Yours, etc.,

MOHD. HASAN KHAN.

Om Samarth Bharat Mela-Dadar

To The Editor of "The Chronicle."

Sir,—"We are receiving inquiries for the performance of our "Om Samarth Bharat Mela-Dadar," from a number of people interested in it. The Mela was meant chiefly for the Ganesh-Utsav. The prominent part in the function, being played by the students, we have now dissolved it and its office at the Goregaonker's premises has been closed. We, therefore, request the managers and organizers of public ceremonies or functions, not to approach or correspond with that office for the performance of this Mela. We, however, take this opportunity to express our sincere thanks to the public for their hearty sympathy and encouragement to this Mela." —Yours, etc.,

SHANTINIKETAN'S BEST FOR MADRAS

Dr. Tagore Supervises Rehearsals

SANTINIKETAN, Oct. 11.

Elaborate preparations are being made here for giving the best that Santiniketan is capable of for enjoyment of the Madras public.

Poet himself is taking keen interest in rehearsal and eminent artists like Mr. Nandalal Bose and Mr. Surendranath Kar are trying their best to make the show as impressive as possible.

Poet's daughter-in-law and his secretary Mr. A. K. Chanda started for Madras to-day to make preliminary arrangements about Poet's programme in Madras.

It is likely that Poet will, during his stay in Madras, pay a visit to Trichur to witness Kathakali dance.—United Press.

AJMER CONGRESS ELECTIONS

Reports Of Invalidation Contradicted

AJMER, Oct. 11.

Mr. T. K. Dayaldas, Editor "Pranveer," wires:—

Enquires in the Parliamentary Board and Congress circles show that the news broadcast in the papers that Sardar Vallabhbhai quashed the elections of the Ajmer Provincial Congress Committee and A. I. C. C. Members on Messrs. Gaurishanker Bhargava and Arjunlal Sethi's complaint is baseless.

KONKAN LAND-HOLDERS' PLIGHT

(Continued from page 6.)

of land revenue when th crops fail, but our chief complaint relates to the present extremely low prices of the produce of land and the enhancement of revenue which Government made in the second revision settlement on the assumption that the increased prices of produce would continue to remain at the high level than prevailing during the next thirty years. We have brought to the notice of Government and the public the unjustifiable and unbearable nature of this enhancement from the very beginning, and have tried all possible and lawful means in the form of petitions etc. to get redress. In the Alibag Taluka a Committee to try to get redress of our grievances was appointed under my Chairmanship. The Government, however, paid no attention to our complaints, and recovered the full assessment by all means in their power. Government have postponed the second revision settlement of some Talukas till the Land Revenue Code is amended. There is no reason why the talukas in which it has been completed and an unbearable enhancement of assessment made, should not get the same concession. The second revision settlement of the Alibag Taluka had been completed only a short time before this concession was granted, and the Taluka Committee lost no time in petitioning Government to grant the same to their taluka but the just request was not compiled with.

Government's Duty.

It will be observed that Government granted the partial suspension and remission of revenue only to those talukas in which the second revision settlement had been completed, and not to those in which it had been postponed although they too suffered from failure of crops. Does not this fact clearly show that Government are conscious of the injustice done to the former talukas? What is wrong then in our petitioning Government to completely redress this injustice? If the current Land Revenue Code may come in the way of Government to grant the concession all round, they can ask the Legislative Council to pass a resolution empowering them to set aside the particular section or sections of the Code, or they may grant a remission of six annas or more per rupee instead of five annas four pies (33-1/3 per cent). Really speaking the remission should be 50 per cent or eight annas in a rupee as the prices of produce have been considerably low, being very near those that prevailed at the original survey settlement. The price per Khandi of unhusked rice at the original settlement was Rs. 18 to 20 and at present it is Rs. 20 to 25. Members of the Legislative Council and the landholders should make united efforts to convince Government of the necessity of granting more liberal remission in the land revenue. The Indian National Congress would do well to take up for consideration this question of land assessment, which has now generally become an all-India question.

UNITE TO FIGHT MR. BAGLA

Election Campaign In U. P.

(From Our Correspondent.)

ALLAHABAD, Oct. 11.

Mr. Gopinath Srivastava, Joint Secretary, U. P. Congress Parliamentary Committee, has issued the following statement:—"It is really regrettable that due to technical objection Pandit Malaviyaji's nomination paper should have been held invalid. In fact this very apprehension, there being obviously a technical flaw, led us to press Babu Sri Prakasa to file his own nomination paper. We are still prepared to do our utmost to make it possible for Malaviyaji to be elected unopposed. We even agreed, in pursuance of this object, to withdraw our candidates from both the Allahabad-Jhansi and the Seven Cities Constituencies and so did Mr. C. Y. Chintamani whom we cannot but compliment on his graceful and honourable attitude throughout.

But this arrangement fell through owing to the persistence of Mr. Bagla to stick to his candidature.

SHRIPRAKASH TO ISSUE STATEMENT

Babu Sri Prakasa will, if necessary, issue a fuller statement about the negotiations and the talks that went on in this connection.

FIGHT TO A FINISH

As it is, Babu Sri Prakasa is our official candidate, the sanction of the President of our Committee being secured for the Allahabad-Jhansi constituency and we mean to fight to a finish in this constituency.

I hope friends will start election work in all the Districts concerned and all of us, Congressmen, Nationalists and Liberals will combine to oust the man who had no hesitation in standing in the way of an agreed mutual arrangement."

CRUCIAL TEST FOR GUJARAT

(From Our Correspondent.)

AHMEDABAD, Oct. 11.

Mr. Bhulabhai Desai, Congress Nominee for the Gujarat seat for the Assembly, addressed a public meeting this evening.

He traced Congress, fight for freedom from its inception and said that they must not understand that they were defeated. They must show by voting for the Congress candidate that they have still faith in the Congress and its programme. They must not look to personalities but they must show with one voice that they believe in the Congress and Congress alone.

This will be their crucial test and they must prove by their action that the Congress had a soft corner in their hearts.

ABHYANKAR-MOONJE CONTEST

NAGPUR, Oct. 11.

Seth Sheodas Daga (Congress) will represent the C. P. Landholders, he being the only candidate, whose nomination was held valid subject to the sanction of the Government.

The nominations of Mr. Abhyankar (Congress) and Dr. Moonjee (Congress Nationalist) for one seat from Nagpur Division, non-Mahomedan constituency, have been accepted and a keen contest is expected.

It is reported that Labour is supporting Mr. Abhyankar, while Dr. Moonje has secured the support of Orthodox Sanatanists.

For one Mahomedan seat there are four candidates, namely, Khan Bahadur Willayatullah (Sitting Member), Khan Saheb Siddiqali Khan, both from Nagpur, Mirza Akhtarhasan, Khandawa and Abbas Ali Abedali, Burhanpur. The nominations of all four have been held valid. Two Congressmen, who filed their papers, besides Mr. Abhyankar, have withdrawn in his favour.—A. P.

WILL NATIONALISTS ACCEPT SIR H. S. GOUR?

JUBBULPORE, Oct. 11.

Mr. Binny, Commissioner, Jubulpore in the capacity of Returning Officer scrutinised the nomination papers filed yesterday and approved all the nine.

Sir Harising Gour objected to Mr. Kashiprasad Pandey's nomination and said he could tolerate three irregularities if there happened any in Seth Govind Das' paper but not in Mr. Pandey's, upon which Mr. Pandey tauntingly replied, "Well, Dr., do you consider me a greater terror than Government of India?" This remark set the court laughing.

After scrutiny Mr. Laxman Singh Chowhan and Mr. Shambhudayal Mishra, both Congress candidates, withdrew their nomination thus leaving room for Seth Govind Das and Mr. Ghanshyamsing Gupta.

On the other hand negotiations to adopt Sir Harising Gour and Mr. Kunjbehari Agnihotry as Nationalist candidates are also reported to be in progress and Pandit Malaviya's reply is awaited. Pandit Malaviya agrees to adopt Sir Harising. A tough fight is expected in election between the Congressites and the Nationalists.—United Press.

Appeal To Malaviya To Give Thought To Misra's Disqualification

JUBBULPORE, Oct. 11.

The members of the Mahakoshal Congress Parliamentary Board, including Messrs. Ravishanker Shukla, Durgashanker Mehta, Ghansyam Singh Gupta, Shambhudayal Mishra, Benimadava Awasthy and Captain Amadhesh Pratap Singh have issued the following joint statement:—

"The Government's refusal to remove the disqualification of Mr. D. P. Mishra regarding his eligibility to the Assembly clearly shows that despite suspension of civil disobedience and decision of the Congress to enter Legislatures the bureaucracy's vindictiveness against the Congress still remains the same.

"Discrimination between appeal Congressman and Congressman is an outrageous insult to the Congress and we feel certain that the Congress will not take it lying down. We hope we shall not be misunderstood when we say that Pandit Malaviya and Mr. Aney who styled their party as Congress Nationalist Party will spare a few minutes from their whirlwind campaign against the official Congress and ponder over the consequences of allowing the Government to give vent to its wrath against tried Congressmen individually with impunity.

"As for ourselves only our loyalty to the Congress has induced us to set up candidates in this province. We know people throughout the province were much agitated over this insult but we assure them that the Congress will take suitable action and electorates can best assert the Government's challenge by returning Congress candidates in thumping majority".—United Press.

Notes From Egypt

REFORMS IN AL—AZHAR: ISLAMIC MISSIONS TO FAR EAST: PRINCE ARSALAN'S SERVICES

I.

(From A Special Correspondent).

Egypt is awfully threatened high floods in the Nile. It is said that it has attained this year the highest water mark in the century precautions are being taken, and a large number of workers and guards are controling the level of the water, making dykes and minutely watching the numerous dams which control the waters of the river.

The water has flooded vast fields of cotton.

Compulsory work is going on now, thousands of villagers working day and night to strengthen the banks, under the control of the police and some army regiments.

REFORMS IN AL-AZHAR.

The directory of Alazhar, in consultation with the Ministry of Education has choosen some teachers with European qualifications to teach in the different faculties of the university.

It is well-known that Al-Azhar was upto this time —still clinging to the old educational traditions of the early days of Islam. The Egyptians were always dissatisfied with a conservatism that did great injustice to the celebrated University. But five years ago, it was decided to reform the old systems and studies of Al-Azhar and bring Islamic knowledge into harmony with the modern knowledge of to-day. It is confidently expected now that Islam would gain by this important change.

EGYPTIAN ISLAMIC MISSION TO THE FAR EAST

The Mashaikha (directory) of this great Islamic University, which is the head of Islamic affairs in Egypt sends Islamic mission to the Far East for propagating of Islam in those regions—of Al-Azhar which had all the Islamic affairs it sent a mission of three members to China, three years ago, and now it has chosen 12 persons from amongst the graduates of Alazhar University for that purpose. An examination was held to pick up the most suitable persons, some of them will be sent to China, others to Japan and Indo-China. This small body is considered as pioneers to prepare the ground for other missions to be sent during the following years. Every member of the mission will be given a salary of 25 Egyptian pounds (£26).

The Administration of Al-Azhar has decided to teach the Chinese, Japanese, Abysinian and the Hindustany languages in the higher sections of the University for this reason.

AN EXILED PATRIOT-PRINCE.

Our friends in India are undoubtedly well acquainted with the great Islamic and Syrian leader, Prince Shakeeb Arsalan, who has been banished out of Syria and Palestine for more than ten years. Since this time he has stayed in Switzerland, where he has continued his struggle for the Syrian cause through a society and a French newspaper in Geneva.

Prince Shakeeb can be considered now as one of the greatest personalities that are struggling for Islam against Western attacks. He is a forceful writer in French and Arabic, and is rendering very great service to the cause of Islam and the Orient.

But this great man suffers greatly from shortness of resources because France has deprived him of his property in Syria.

Prince Shakeeb is one of the three members of the deputation that went to the Hedjaz and Yemen to meet the two Arabic kings, their majesties Ibn-i-Saud and Alimam Yahia, in order to put an end to the discord which had arisen between the two. The deputation attained its aim and succeeded in bringing about a state of friendship between the two kings.

PERMANENT ISLAMIC BUREAU IN GENEVA.

When the Prince returned from Arabia, the British authorities were asked to let him pay a visit to Palestine to meet his old and sick mother, who was anxious to see him. With great difficulty they allowed him to stay in Palestine for two weeks only on condition that he did not meet anybody. This short sojourn was prolonged for two weeks more, but when the Palestinians demanded that the Prince's visit be prolonged further, they were refused and he had to depart for Europe six weeks ago.

These days Prince Shakeeb is busy arranging a permanent Islamic Bureau to be established at Geneva, to study Islamic affairs.

An Islamic Congress is also to be held at Hedjaz or Yemen. But it is still in the nascent stages.

REPRESENTATIVES FOR FIRDAUSI CELEBRATIONS

The Egyptian Government has decided to send two professors of the Egyptian University to represent the country at the memorial ceremony of Alfirdausi, the great Persian poet, whose old book "Alshahnama" is well-known. The ceremony will take place on the 12th of October, the day of Alfirdausi's death 10 centuries ago.

The two Egyptian representatives are the well-known scholar Abdul Wahab Azzam, renowned for writing a poetical Arabic translation of "Alshahnama," and now occupied in translating "Mohammad Ikbal," the great Indian poet. The other is Abdul Hamid-el-Abadi, one of the authors of "Fajr-el-Islam" which is to be completed shortly. The two left Egypt a few days ago.

Iraq will be represented in the ceremony by the famous poet Gameel Sidky-el-Zahawi.

Iraq is also preparing to celebrate the millenium anniversary of the well-known Arabian poet Almutanabby. The ceremony will be held at Bagdad.

CONGRESS OF SURGERY

The Bureau of the International Congress of Surgery has decided to hold its next meeting at Cairo. The Egyptian Government has sent Dr. Mohammad Kamel Hussein, the Assistant Secretary of the Preparatory Committee for the Congress, to Paris to meet Dr. Maiz, the permanent Secretary of the Congress in order to discuss the matter and arrange about facilities necessary for the members in their travelling and during their stay in Cairo. Dr. Kamel also represents the Egyptian University in the Surgical Congress which is held in Paris now.

Egypt now possesses a name in surgery, owing to her brilliant surgeon Dr. Aly Ibrahim Pasha, the Dean of the Faculty of Medicine in the Egyptian University, who enjoys the reputation of being one of the cleverest surgeons in the world.

PLANE SOARS AT HEIGHT OF 18,000 FEET

Puss Moth Creates Record For Its Type In South India

MADRAS, Oct. 9.

A Puss Moth aeroplane belonging to the Madras Flying Club piloted by Mr. H. M. Gordon, with Mr. W. L. Graham as passenger took off from Minambakam aerodrome at 9-50 a.m. yesterday and about an hour later reached an altitude of 18,000 feet.

At 10,000 feet the machine came through the top layer of clouds and the scenic effect was magnificent. Approaching the 15,000 feet mark, the rate of climb became appreciably slower, owing to the rarified air, and the final 3,000 feet took 26 mins. slower. At that height, the ground was only visible in patches. Madras looked miinute and a ship in the harbour like a tiny dot.

A few minutes were spent in trying to persuade the machine to climb above 18,000 feet, but this was found to be impossible as the maximum height had been reached.

Bearing in mind that there was a passenger, and the petrol tanks contained more fuel than necessary, the machine gave an excellent performance and should get to nearly 20,000 feet with only one person on board.

The temperature at that height was not taken but it was bitterly cold and even with the windows shut the need for coats, sweaters and scarves was felt.

The descent was made in nineteen minutes, a little time being spent in flying about in the clouds and doing steep turns round the cloud tops.

This figure of 18,000 feet is believed to be a record for a machine taking off from Minambakam, and is a record for the particular type of aeroplane in South India.—United Press.

RAJPIPLA CONTRADICTS WICKED RUMOURS

Denies He Sold Windsor Lad To Pay Card Debts

Strange rumours have been circulating about the sale of Windsor Lad to Mr. Martin Benson.

It has been suggested that the horse was given to Mr. Benson by the Maharajah of Rajpipla, his owner in settlement of a £42,000 card debt, and that he received a payment to make the amount up to £50,000.

This story had already reached the Maharajah when I called at has home at Windsor, says a "Sunday Dispatch" correspondent.

"It is the most ridiculous thing I have ever heard," he told me. "I came from Doncaster and while I was there many of my friends came and told me about these rumours.

"What actually happened is this. I had never seen Mr. Benson until the night I sold Windsor Lad to him. He came to see me, and then I went over to have a drink with him and we arranged the deal.

"To say that there was any card play is absurd. The man was unknown to me, except by name. I am afraid these rumours have been started by people who are jealous.

"I would like to warn these people that if I can find out who are responsible I shall take legal action against them.

"I do not play cards, except an occasional friendly game of bridge. I am not a gambler, and seldom bet, except on the Derby.

"Windsor Lad was a wonderful horse, and it is wicked of these people to suggest that I was forced to sell him in settlement of a card debt.

"I sold him because Mr. Benson wanted him for stud purposes. Actually I was offered more from abroad but I insisted that the animal should stay in this country.

"Marcus Marsh trained him, and I thought it only fair he should go back to his care."

LOTTERY WINNERS FAIL TO CLAIM PRIZES

No less than 25,000 holders of prize-winning tickets in the French National Lotteries for 1933 have failed so far to cash in on their winnings, thus leaving the Lottery Administration several millions of francs to the good, according to an official statement just issued.

While most of these bashful winners only had 200 francs to collect many much larger prizes are still waiting to be called for.

As the French National Lottery has a ruling that prizes not called for within six months of the date of drawing revert to the lottery treasury, a great many prize-winners have already forfeited their money. The last date on which winning tickets for 1933 may be cashed in is October 25, but the Lottery Administration reports that there are no signs of a prize-winners' run at present.

A PEEP INTO RURAL ECONOMY

(Continued from page 6.)

one of them—many of whom have been handled by the department during the last 30 years I have made myself a little bit bold to speak out my experience about the working of that Department in rural areas.

The Department has, no doubt, done much spade-work of a pioneer type. But in one respect it has done a very bad turn to the ryots. It has deliberately helped the arm-chair criticism that the ryots as a class are unthrifty and extravagant, crystallize into an established truth. It has now become almost a custom with our leaders both official and non-official to begin their work, of whatever nature it may be, concerning the problem of rural uplift with a prologue containing the condemnaton of the ryots as being unthrifty and extravagant.

NEW YORK COTTON MARKET

New York, Oct 11

Cotton displayed a brighter sentiment on President Roosevelt's favouring higher prices and denials of Government entertaining the idea of curtailing future production. Moreover general indications of improving trade prospects helped to stir up bullish activity. Hedge selling was very light because of loans.

Trading in December commenced at 12.24 i.e. 5 points higher. The market improved on fairly active buying and covering influenced by favourable Liverpool cables and bearish weather reports while firmness in wheat and stock markets further contributed to a rise with December rising to 12.32 on considerable speculative buying and scarcity of contracts.

The New York cotton market finally closed at 12.43 with a rise of 24 points.

SENTIMENT BRIGHTER & TONE FIRMER ON STOCK EXCHANGE

BRITISH OWNERS TO GET FULL PAYMENT OF DAWES LOAN

New High Levels In Gold And Silver

COTTON FIRM ON ROOSEVELT'S VIEWS ON PRICES

(SPECIAL CABLE)

LONDON, Oct 11

On the Stock Exchange, the Sentiment was brighter and in nearly all sections the tone was firmer. Among foreign issues, German loans strengthened substantially on Bank of England's announcement that Dawes loan due on October 15 will be paid to British owners in full.

Gold recorded a new high level of 143 sh. 3d. Premiums over franc and dollar increased owing to keen competition for the metal.

Wild rush of speculative buying forced silver to the highest level since July 1929, spot being 24 1/2d. and forward 24 5/8 but quotation later eased in erratic dealings.

Cotton soared owing to several reasons, the chief of which appears to be Roosevelt's views on prices. Wheat improved on better overseas advices and good local demand.

SHOOTING ABDUL GAFFAR NAGAR

Photographers Should Have "Camera Permit"

(Through the Publicity Bureau of the Reception Committee).

The Reception Committee has now finally decided that no cameras shall be allowed inside the Abdul Gaffar Nagar without "The Camera Permit" which will be charged Rs. 25 for each camera. A holder of this permit will be allowed to take photos inside the Nagar in all places where entrance is not by tickets. To go to places where entry is by ticket, a holder of a camera permit will have to buy a visitor's ticket.

FILMING A MONOPOLY.

Under no circumstances, photographers will be allowed to take photos for films, as the right of film production is exclusively of the Reception Committee. Permits may be refused without assigning reasons.

As only a limited number of photographers is to be allowed inside the Nagar, those who intend to have "Camera permits" should book their requirements immediately.

STEAMER CONCESSIONS

State Subjects May Purchase Tickets From R. C. And Get Facilities

It is common knowledge now that the steamship companies in India have allowed concession rates to delegates and visitors coming to Bombay for the Congress session. In one-day fare, journey to and fro can be covered.

The Secretaries of the Congress organisations competent to elect delegates will certify the delegates and bonafide visitors to the Congress session. Difficulty, however, is being felt in Indian States where there are no Congress Committees. The Reception Committee suggests that visitors from Indian States having no Congress Committees, should at once send money and buy their tickets. The Committee shall arrange to send concession certificates to such of the visitors as have bought the tickets. This will remove all difficulty and every one can get the benefit of concession.

Enclosures For Ladies

(Through the Publicity Bureau of the Reception Committee).

The Reception Committee has reserved two enclosures in the main pandal exclusively for ladies. Entrance to these shall be by the two rupee season ticket. These enclosuures will have separate gates and ladies can come in and go out without the slightest inconvenience. The Committee hopes that a large number of ladies will take advantage of this opportunity.

UNITE AND WORK FOR FREEDOM

Bidhan Roy's Appeal To Congress Workers

CALCUTTA, Oct. 11.

Dr. B. C. Roy, President of Bengal Provincial Congress Committee, has issued the following statement to the Press:—

"I have just heard that the workers of Bengal by a large majority invited me to be the President of the newly revived B. P. C. C. In the present situation of the country I cannot refuse this invitation in spite of my limitations of which none is more conscious than myself.

"I always held that the political leadership of every country demands whole time service of workers, which I know I cannot give. For this reason I was anxious to avoid the place of honour to which my countrymen have elected me.

I am very much gratified to hear the name of Mr. Subhas Chandra Bose was proposed by Mr. B. N. Sasmal and seconded by Mr. J. C. Gupta for presidentship. We do not know when Mr. Subhas Bose will be allowed to return to India. I hope he will be amongst us soon. When that day arrives, it will be my pleasure and duty to join my friends Messrs. Sasmal and Gupta in according him welcome and offer him the place which is naturally his and which, I in his absence, have the honour to occupy.

"I thank the workers and appeal to them to close up their ranks and work unitedly for the achievement of our goal, namely, the freedom of India."+United Press.

Madras.—There was a slight disturbance at the Kasimore fisherman's colony on Wednesday night owing to a long standing dispute between two parties.

The police arrived on the spot to restore peace, but most of the combatants jumped into the sea and escaped arrest.—A. P.

Impressive Buying In Cotton

Heavy Short Covering And Speculative Buying

WASHINGTON AIMS AT GREATER STABILITY ON HIGHER PRICE LEVEL

Scarcity Of Contracts And More Business In Cloth

Bombay, Oct. 11.

The New York cotton futures market declined during the early part of the day on Wednesday on foreign selling but rallied later on strength of Wall-Street market and active short covering and replacement by sold-out bulls.

The report of removal of acreage and crop control is contradicted and it is believed that President Roosevelt holds the opinion that the price range for cotton between 13 to 14 cents is reasonable.

There was improved demand and the market being well liquidated, there was utter absence of any important selling. The movement of the crop is delayed owing to frequent rains and the undertone of the market was good.

NEW YORK MARKET.

The New York cotton futures market opened at a decline of 6 points with December 11.96 and a further decline of 4 points was recorded on foreign selling which depressed December delivery to 11.92. This was the lowest level for the day and later on prices recorded sharp improvement. There was considerable short covering and fresh speculative buying. Prices advanced 31 points from the lowest level and the market closed at a net rise of 19 to 15 points. Spot cotton prices advanced 15 points at 12.40c.

NEW ORLEANS MARKET.

The New Orleans cotton futures market was also fairly active and closed at a rise of 16 points. Spot cotton prices advanced 16 points at 12.53c. per lb.

The Liverpool cotton futures market opened at a decline of 6 points on Continental and London selling together with some hedge selling which was absorbed by the trade. Both high and low levels for the day were reached during the first hour. Later on prices advanced on American straddle buying and short covering but again reached on hedge selling against outside growths. The market closed steady at a decline of 7 to 8 points. Middling American spot cotton prices declined 9 points at 6.74d. per lb.

INDIAN COTTON.

East Indian cotton futures market was very steady and closed at a decline of one point. At the close October was quoted 4.80, January 4.79 and March 4.76.

EGYPTIAN COTTON

Egyptian cotton futures ring was fruiet on long liquidation. Sakels futures declined 6 to 7 points and spot cotton prices were reduced 11 points at 7.87d. Uppers futures declined 6 to 5 points and spot cotton prices closed 7 points down at 6.81d. per lb.

ALEXANDRIA MARKET.

There was heavy selling in the Alexandria cotton market and in the absence of any support Sakels futures declined 30 to 28 points. Ashmouni futures were easy and suffered a fall of 25 to 22 points.

ROOSEVELT'S NEW MOVE.

Messrs. M & B. Stern state:—The statement from Washington denying the report that Government had decided to remove crop-control restrictions and the report that the administration is seeking a higher commodity price level completely altered the out-look in yesterday's American markets, which stage a good recovery and closed firm.

According to a private cable from New York President Roosevelt is reported to hold the opinion that the price range for cotton between 13 to 14 cents per lb and wheat 100 to 120 cents per bushel is reasonable and present prices are too low. He believes should prices be maintained around these levels, the stabilisation of the dollar about 5.00 is not improbable by a mutual understanding with Gt. Britain and France, failing which the administration will resort to the full 50 per cent. dollar devaluation. It is also, stated that co-operatives representing 70 per cent of the growers have requested the A. A. A. and Senators Bankhead and Smith to continue acreage restriction next season by land retirement.

President Roosevelt is further reported to hold another scheme to facilitate exports under the 50 per cent. reduction in tariff law passed by the last Congress. This scheme has particular reference to countries like China and Russia and some announcement in this connection is expected before the 18th instant.

BOMBAY COTTON

Bombay, Oct. 11.

Following a sharp rise of 17 points in New York cotton futures, the local cotton market ruled firm to-day on improved buying and short covering. Last night with New York cotton prices 19 points down, Broach A/M. declined to Rs. 202/8 on nervous unloading. The New York closing advices being firm, the market opened firm to-day with Broach A/M. delivery quoted at Rs. 207. There was scattered long liquidation at the opening which resulted in a decline of annas four from the opening level and Broach A/M. was quoted at Rs. 206/12. It is believed that now the market has definitely turned for better prices and with increased short covering and some speculative buying prices advanced to Rs. 207/12. The undertone of the market was good and further improvement is anticipated.

Liverpool market opened very steady at a rise of 10 points. In the local market prices improved to Rs. 208-6 but at this level there was some profit-taking. Liverpool was 12 points up and the local market closed at 5-30 p. m. as under:—

SMART RISE IN SILVER

U. S. PRICE RAISED

Active Speculative Buying

Bombay, Oct. 11.

As anticipated silver prices recorded a sharp rise in the local market on active speculative buying. The rise in the local market was due to rise in U. S. quotation to 51 1/8 cents and America was reported buying even at higher price of 51 1/2 cents. London silver prices also advanced to 23 3/8d.

The buying programme of Washington is now in progress and the limit of 50 cents fixed is now in removed. Throughout the last week America was a constant buyer of silver in London over 50 cents level which was a clear indication of further rise.

NEW YORK STRONG.

U. S. Government has already secured the surplus stock of silver from foreign countries and now the available supply is about 50,000 bars which is mostly held by strong parties and investors. According to the latest statement U. S. Government intends to buy about 35,000 bars every month so, there will be great scarcity of offerings and prices are bound to record substantial improvement. It is anticipated that eventually New York price will be about 64 cents and in Bombay silver will be quoted at about Rs. 72. Thus it is safe to go into stocks or accumulate purchases.

SPECULATIVE BUYING.

In the local market November delivery opened to-day at Rs. 64/12 and rose to Rs. 65. At this level there was some long liquidation which depressed prices to Rs. 64/14 but at this level there was considerable demand prices advanced to Rs. 65/4 while December delivery was quoted at Rs. 65/8. Shanghai T. T. on London opened to-day 1.6 and later on further improvement was reported.

GOLD STEADY.

Gold market was also active with a good enquiry. Last night prices fluctuated widely. The market is very sensitive and sellers are cautious.

In the afternoon there were rapid fluctuations in silver prices but the undertone was firm. Gold prices recorded sharp rise on active buying and prices look like going up.

BOMBAY STOCK EXCHANGE

Steel Shares Reach New High Levels

BULLS CONTROL THE SITUATION

BOMBAY, Oct. 11.

Two firms were declared defaulters to-day on the local Stock Exchange and the amount involved is about Rs. 3 lacs. Those members who had to pay in against failures, paid up immediately as the small loss was nothing to them in comparison to the extensive profits. One more firm is also in difficulties but it is believed that a compromise is arrived at to pay about 13 annas in a rupee. The market opened to-day at 1-30 p.m. and under Board's notice remained open upto 3-45 p.m.

Forward trading continued upto 3-45 p.m. as the auction of about 1350 steel ordinary and about 125 Tata Power shares took much time. There was some forced covering and the market ruled very strong. Tata Steel Dfd. shares again improved and closed at a new high level of Rs. 450|- while ordinary shares advanced to Rs. 103|- and closed at Rs. 102|8. There was considerable activity in Bombay Dyeing shares under large buying. The firmness in Dyeing had a sympathetic effect on Century and New Great shares while other mill shares were steady. Bombay Burma shares declined during the early part of the session but later on recovered lost ground on short covering. Tata Power shares were also very steady.

The undertone of the market was good and after recent experience, there is less inclination to sell short. Most of the urgent short interest is covered up and as long as bulls support the market prices will continue to advance as the situation is now well under the control of Bull operators. However in speculative opeations, it is the common experience that professionals are playing the game in and against the general public. Thus one day in the absence of any important buying the market will have to experience rude downward jerks, so it will be better to have small interest at the moment.

Nariman Withdraws His Candidature

Mr. Munshi's Disqualification Removed

Mr. K. F. Nariman, the Congress candidate from Bombay, whose name does not appear on the Assembly Electoral Roll of the City has withdrawn his candidature from the Assembly contest.

Mr. K. M. Munshi's nomination papers were filed at the Collector's Office on Thursday afternoon.

Mr. Munshi, left post-haste on Wednesday evening for Poona on receipt of the information that Mr. Nariman's name was not on the electoral roll to get his disqualification removed.

No Objection

It appears that Mr. Munshi saw the authorities concerned at Poona on Thursday afternoon and the Government of Bombay have informed him that they have no objection for the removal of the disqualification. The Government of Bombay wired to Simla to get their consent.

Mr. Munshi informed his representatives in Bombay to file the nomination papers as the consent of the Government of India would be telephoned to the Collector of Bombay before 3 p.m.

It is understood that the Deputy Collector told the representatives, who filed the nomination papers that there was no need of hurrying in the matter of getting the consent of the Government of India. If the Collector was informed of the removal of the ban before Monday next when the scrutiny takes, it would serve the purpose.

WORKERS ARE NOT ENEMIES OF RICH

They Must Realise Their Importance In Economic Life, Says Mahatma

ELLORE October 9.

"Workers instead of regarding themselves as enemies of the rich or regarding the rich as their natural enemies, should hold their labour in trust for those who are in need of it. This they can do only when, instead of feeling so utterly helpless as they do, they realise their importance in human economy and shed their fear or distrust of the rich. Fear and distrust are twin born of weakness".

This is the statement made in a letter sent by Mahatma Gandhi in reply to a letter from Mr. B. Srirangasayi of Ellore, Secretary of the Andhra Socialist Party.

Mahatma Gandhi says, "I have your letter. It is refreshing to know that the Socialist Party in Andhra appreciates all the amendments suggested by me. I say the Socialist Party because I take it that your letter is representative of the party's opinion as you have signed it in your capacity as Secretary. But you know in what unmeasured terms the meeting in Benares has condemned the amendments.

Spinning Franchise

"Even when I first conceived of the spinning franchise as a token of dignity of labour and its universal recognition of labour, a friend showed me a booklet containing the constitution of the Soviets and drew my attention to the fact that at Russia labour franchise has definite place.

"But here I do not know whether you represent the general body of Socialists. What about those who have passed the resolutions of condemnation?

"You take the exception to my wish that the rich should regard themselves as trustees of the whole society rather than as owners of the wealth they might possess. Of course, it is an uphill task, but by no means impossible. Indeed I see definite signs of that idea spreading and being accepted. You suggest that the poor should be regarded as the trustees of the rich. But you forget that it is implied in the proposition I have laid down, because have I not said that labour is as much capital as metal?

"Therefore, workers instead of regarding themselves as enemies of the rich or regarding the rich as their natural enemies should hold their labour in trust for those who are in need of it. This they can do only when, instead of feeling so utterly helpless as they do, they realise their importance in human economy and shed their fear or distrust of the rich. Fear and distrust are twin sisters born of weakness—. When labour realises its strength, it will not need to use any force against monied people. It will simply command their attention and respect."—United Press.

UNANIMOUS DEMAND FOR CONSTITUENT ASSEMBLY

Ajmer-Merwara Candidates For Assembly Appeal To Electorate

AJMER, Oct. 11.

For the first time in the Ajmer-Merwara History all the Assembly candidates were invited last night to address a public meeting held in Ghasiti Mohalla. Mr. Shirilal Agarwal, Advocate, presided.

Mr. Mukatberharilal, Advocate, the Congress candidate and Diwan Bahadur Harbilas addressed a packed house.

Mukatji who spoke for about an hour said that the present contest was not between this or that individual but between individual and an institution which acquired its present status by numerous sufferings and sacrifices.

The Congress stood for self-determination and would not accept the system of Government thrust upon it but would force the Government to decide the form by calling a Constituent Assembly based on adult franchise.

GOVT'S CHALLENGE.

In conclusion he said that this election had a special significance as Government had thrown the challenge which the Congress had taken up. It was for the electorate to prove whether they were with the Government or Congress. To vote for a non-Congressite would mean tightening the bondage of slavery.

Mr. Harbilas Sarda said that he was not opposed to the Congress. In December, 1888 it was he who raised his voice for sending representatives to Allahabad Congress. He too was not blind to the suffering and sacrifices of the Congress and the services of leaders, like Mr. Vithalbhai Patel, Pandit Motilalji. He eulogized the work of Swaraj and the Nationalist Parties and said one could not be a fit man because he belonged to an institution.

He also favoured a determination of the form of Government by calling a Constituent Assembly.

He welcomed the Congress entry into the legislatures and asked people to look to his past services and vote for the best deserving.

Mr. Harbilas Sarda cut a sorry figure when Mukatji replied to the debate and referred to his attitude towards the States Protection Bill and hinted that Sarda did not belong to the Nationalist Party which left the Assembly chairs when the country demanded.

The President thanked both the candidates for affording an opportunity to the public and the meeting dispersed with the sounds of "Mahatma Gandhiji-ki-jai."—United Press.

JULLUNDUR, Oct. 9.

Addressing a well-attended public meeting held in the Brahm Bhunge last night under the auspices of the City Congress Committee, with Master Naubat Rai Sehgal in the chair, Dr. Satyapal said that Swaraj for which the nation had been striving during the past so many years, would not come as a gift from the British Government. The Congress was the only representative of the masses and to help its cause was to help the attainment of the Swaraj.

Concluding the Doctor deplored the formation of the Congress Nationalist Party at the most critical juncture when the country had accepted the Government challenge of proving her worth for Swaraj.
